Americans' right to access fresh, healthy foods of their choice is under attack. *Farmageddon* tells the story of small, family farms that were providing safe, healthy foods to their communities and were forced to stop, sometimes through violent action, by agents of misguided government bureaucracies.

Discussion following the film with
Winton Pitcoff, NOFA/Mass Raw Milk Network Coordinator and
Jack Kittredge, NOFA/Mass Policy Director and Owner, Many Hands Organic Farm, Barre

Admission is open to the public.
